LETTER OF UNDERTAKING

22 May 2023

Affiliation Unit
CBSE

Dear Sir/Madam,

SUB: Declaration of fixing the lift for the students with special needs

We solemnly declare that the lift for the students with special needs will be completed within three months. We are aware of the significance of an elevator for students with special needs from the ground to the first floor. We have shown the provision for the same in the video attached as a shred of evidence in the mandatory disclosures on our website.

We assure you that we will complete the work and operate the lift within a period of three months. The work for the same is in progress and there will be no delay in installing the lift.

The ramp is provided closer to the classrooms so that the students with special needs would find it easier to access it as they get down from the school bus. We have shown the same in the video attached for your reference.

Thank you,

Regards
